Seismic Disturbances Visit a Section in the Southern Portion.

A RISE OF THE TIDE.

Logs and Boats on the Sabine River Tossed About by the Sudden Rise and Some Left High and Dry Upon Land.

Orange, Tex., Sept. 12.—Quite a seismic disturbance was noticed Sunday afternoon by parties living several miles south of this place.

The tide in the Sabine river suddenly rose about 18 inches at this place and as quickly subsided, wrenching the line of boats tied to the wharf near the depot and tossing logs about that were confined in booms. But greater commotion was noticeable eight miles down the river, where a small boat was lifted two and a half feet and left high and dry on the shore.

At Pavel's shell bank near the mouth of the Sabine, it is claimed floating clumps of hyacinths are lying four feet above ordinary tide just as they were left by the wave which was reported to have exceeded the others in height. Four times the tide rolled up the river in close succession.

While the highest was not more than 18-inches here, 2½-feet just below the cut off, and four feet at Pavel's, 8 miles below town, but only 10-inches at Morgan's Bluff, 25 miles by water above this place.

The steamer Una was at Morgan's Bluff and first noticed big cypress logs roll up on the bank and tilt back again. The last wave was not more than ten minutes later than the first one, after which the surface settled back to its accustomed complacency.

Hatfields Taken Prisoners.

Williamson, W. Va., Sept. 12.—Sheriff Henderson and a posse of 15 men went to the Hatfield fort in the mountains 30 miles from here and without bloodshed captured "Devil Anse" Hatfield, his son Bob, and John Dingess, a relative of the Hatfields by marriage. The prisoners were taken to Pike county and will be tried on charge of murder growing out of the Hatfield-McCoy feud. "Cap" Hatfield, the only prominent member of the faction now at liberty, is being hunted by a posse.

Assaulted by Negroes.

Tifton, Ga., Sept. 12.—At Tyty, in Worth county, while Mrs. J. H. Johnson, the wife of a farmer, was out in a field with her 8-year-old brother, two negroes came up. One of them caught her, threw her to the ground and held her while the other outraged her. When aid arrived the negroes had fled. Bloodhounds were put on their trail and there are more than 100 men in pursuit of the negroes.

Killed by Lightning.

Terrell, Tex., Sept. 12.—A farmer named Gore was killed at his home, three miles west of Quinlan, Saturday night by a bolt of lightning. The family had retired just before a thunder-storm came up, and as a shower of rain began to fall the unfortunate man got up and went out into the yard to remove some things to shelter, when he was struck and killed.

Suffocated by Gas.

Cincinnati, Sept. 12.—Two members of the fire department and a child of four years were killed by gas in a vault. Monroe Dent, aged four, fell into the vault in the rear of his father's house, and the fire department was applied to aid. Thomas Bland and Harry Hinsheimer responded with a ladder and descending, were suffocated by the gases. All three bodies were recovered.

Iron Demand Without Precedent.

Chattanooga, Sept. 12.—The iron situation throughout the south is very excited. The demand for iron is so unprecedented as to excite alarm among consumers, lest an embarrassing famine should result. Many furnaces in the Tennessee and Alabama districts are sold so far ahead that it is impossible for foundrymen and smaller consumers to obtain iron from them at any figure.

Sampson's Successor.

Washington, Sept. 12.—The navy department has reached a final determination to assign Rear Admiral Farquhar to command of the North Atlantic station to succeed Admiral Sampson and to place the latter in command of the Boston navyards to fill the vacancy caused by the recent death of Admiral Picking. The transfer will take place on Oct. 10.

Extra Session of the Legislature.

Austin, Sept. 12.—Speaker J. S. Sherill of the house was here in consultation with the governor about the extra session. After the interview Mr. Sherill stated that an extra session was a certainty, but that as yet the date has not been fixed.

Coal Miners Leaving Virginia.

Knoxville, Sept. 12.—The exodus of coal miners from the southwest of Virginia is alarming the operators of that section. It is stated that during August over 4000 miners left the Pocahontas coal fields and 1000 have left since Sept. 1. The men are dissatisfied with the price of labor. Many of them are entering the western states some going to the northwest.

Ran Over by a Train.

Galveston, Sept. 12.—Alfred B. Boll, aged 18 years, was run over and killed by an extra freight train on the Mis-

DEATH OF VANDERBILT

Cornelius Vanderbilt Dies Suddenly at His New York Home.

DIED OF PARALYSIS.

He Was Attacked at Midnight and Passed Away at Dawn—He Was Attacked Once Before but Survived the Stroke.

New York, Sept. 12.—Cornelius Vanderbilt is dead. Death occurred at 5:15 o'clock this morning at his home at Fifty-seventh street and Fifth avenue, this city. There were with Mr. Vanderbilt at the time of his death his wife, his daughter Gladys, and Reginald, the youngest son.

Mr. Vanderbilt arrived at his Fifth avenue home from Newport with Mrs. Vanderbilt at 9 o'clock last night. He appeared in excellent health and spirits and retired soon afterward. About midnight he was seized with a serious attack and the household was aroused.

Telegrams were sent Dr. James, Dr. Janeway and several other physicians who responded in a short time. Every thing possible was done for the patient, but he grew worse rapidly and died.

Cornelius Vanderbilt was the eldest son of the late William H. Vanderbilt, and was born on Staten Island, Nov. 27, 1843.

His father was a farmer. Cornelius at the age of 10 left school and secured a place as messenger in the Shoe and Leather bank. His grandfather, the

place.

Commodore, learning of this sent for him and asked why he had not applied to him for a place. "Because I did not want to ask you for anything," was the reply. This pleased the commodore, and it is said he made a codicil to his will a few days later leaving \$1,000,000 to his grandson.

Cornelius left the Shoe and Leather bank to go into the employ of Kress brothers, bankers, but later his grandfather asked him to enter the railroad service. The young man was making \$60 a month and declined to leave the

place unless he got more money. He was given \$65 and accepted it.

He was then about 21 years old. The first place

he was given was that of assistant

treasurer of the New York and Harlem

railroad.

His rise was rapid and he succeeded his father as the head of the

Vanderbilt system.

Vanderbilt's active career practically

closed when he suffered a paralytic

stroke in 1896. Vanderbilt's death was

caused by a stroke of paralysis, the

second of which he suffered. His first

attack was in July, 1896. The stroke

which caused his death occurred about

midnight. The patient was in a semi-

conscious condition until his death.

Mr. Vanderbilt left five children, Cor-

nelius, Gertrude, Alfred, Reginald and

Gladys. Cornelius married the daugh-

ter of R. T. Wilson, a banker, about two

years ago, and later Gertrude became

the wife of Harry Payne Whitney, son

of former Secretary of the Navy W. C.

Whitney.

The coroner's office was asked to send

a coroner to the Vanderbilt house and

Coroner Hart responded. The reason

for this is because of the fact that Van-

derbilt's regular physician was not in

attendance at his death and a strange

doctor had been called into the case less

than 24 hours before death resulted.

The disposition of Vanderbilt's estate

is a matter of some doubt. Cornelius,

Jr., was alienated from his family by

his marriage two years ago with Miss

Grace Wilson, and it is thought proba-

bly this son will not be the principal heir.

Opposition to young Vanderbilt's mar-

riage was based upon his youth and the

fact that Miss Wilson was 8 or 10 years

his senior.

Coal Miners Leaving Virginia.

Knoxville, Sept. 12.—The exodus of

coal miners from the southwest of Vir-

ginia is alarming the operators of that

section. It is stated that during August

over 4000 miners left the Pocahontas

coal fields and 1000 have left since Sept.

1. The men are dissatisfied with the

price of labor. Many of them are

entering the western states some going to

the northwest.

Ran Over by a Train.

Galveston, Sept. 12.—Alfred B. Boll

aged 18 years, was run over and killed

by an extra freight train on the Mis-

Housekeepers.

WEDNESDAY, SEPTEMBER 13, 1899.

Obituary.

Thomas Morgan was born at Reliance, Brazos County, Texas, Nov. 1882 and died there Sept. 4th, 1899. He was a talented young man of promise, always willing to do right because it was right, as he saw it. Though only a boy, he had more moral courage than some men when it came to protecting weak and helpless. He was very studious in school and the two sessions I was associated with him he never gave cause for a single reproof. To sum it all up he was a faithful manly boy. I was often impressed with his good advice to other boys, especially about trifles that alienate the best of friends. He had said if called on to face death, he would do so bravely, and he proved it when the time came. He told his friends that he enjoyed the young folks' religious meeting; urged the boys to come and join them. If talking up the duties of life and conscientiously carrying them out earn a reward he has certainly earned his. I sincerely hope he is now enjoying the company of his baby brother that grieved him so sorely to part with, not quite two years ago.

"There is no death! the stars go down
To rise upon some fairer shore;
And bright in heaven's jeweled crown
They shine forever more!"

His Friend.

REVIVAL MEETING.

Near Clayton's Prairie—A Minister's Summer's Work.

Rev. S. R. McClung reports a meeting he has held, beginning Saturday, Sept. 2, and closing last Sunday night, Sept. 10. This meeting was held in the community between Thompson creek and Clayton Prairie churches at an arbor, near Mrs. Waters. This community being one destitute of an organization, the meeting was naturally cold at first, but interest increased, and the result was a great many penitents and 15 conversions. Two joined Thompson creek church by baptism, and the remainder are not yet affiliated with any organized church.

Mr. McClung speaks with praise of the people in this community, saying he finds them as good people as he has ever labored with, and are highly deserving of the services of minister, and the advantages of organized church work. He found there the best behavior he ever saw, he thinks, under an arbor, and thinks the people deserve praiseworthy mention of their culture and refinement.

Mr. McClung has put in 56 days in meetings this past summer, and has witnessed 92 conversions under his ministry.

He will preach next Saturday, Sunday and Sunday night at Providence.

There is a great deal of sickness in this vicinity at this writing. Those on the sick list are John Hearne, V. B. Edge and Miss Post.

Rev. I. J. Taylor visited this community the past week.

Marion O'Neal went to Tabor Sunday.

Miss Ola Wilson went to Galveston last Sunday.

Master Tobe Tobias went to Payne prairie last Sunday evening.

Mr. E. H. Edge of Houston visited relatives here Sunday.

Mr. C. N. Edge visited Cottonwood Sunday.

Misses Laura Presnal and Mary Hester visited here Sunday.

There was singing at Mr. Henderson's Sunday evening, with large crowd and good singing.

Mr. Clarence Sheppard of Calvert is visiting relatives here.

Prof. Jim Davis of Clairmont, visited Kurten Sunday.

There was singing last Saturday night at Tryon hall with large attendance.

WHEELER VICTORIOUS.

He Succeeds in Being Placed on the Fighting Line Instead of Shelved.

New York, Sept. 12.—A dispatch to The World from Hong Kong says:

Advices which were sent here to avoid General Otis' censorship at Manila, bearing date of Sept. 7, says:

"General Joe Wheeler only obtained an assignment to active duty after a serious dispute with General Otis, who wanted to sidetrack the veteran fighter by sending him to some obscure post in the Southern islands. General Wheeler declares that he will ask for a permission to return to the United States soon unless there is some change in the management of affairs in the Philippines.

"An association of natives styling itself 'The Filipino Liberation Society,' has applied for permission to organize in Manila with General Otis as president. The general has declined to pledge himself in the matter, but thought it might be possible to forward the operations of the association.

"According to private letters received within the American lines several of the rebel colonels and two of Aguinaldo's brigadiers intend to allow themselves to be captured when the United States troops attack Tarlac, because they are tired of retreating. The World correspondent has the names of these discontented Filipino officers, but to publish them would betray them to the vengeance of Aguinaldo."

SOLDIERS COMPLAINING.

They Declare the Tartar is Overcrowded and Food Not Sufficient.

New York, Sept. 12.—A dispatch to The World from Hong Kong says:

Many serious complaints have been made by the discharged soldiers now on board the transport Tartar, which is now being repaired here. These men declare that the vessel is overcrowded, that she is in bad sanitary condition and that the supply of food is not sufficient. The officers in charge admit the genuineness of some of these complaints but they declare that the discharged soldiers crowded the ship of their own accord, although they had an option of remaining in Manila until the next transport should sail. The condition of the vessel will seriously effect the health of the returning soldiers. There are 1200 of them on board, being carried back to San Francisco.

The soldiers on the Tartar are fraternizing with the British regulars on duty here and are being entertained at the various messes of the garrison. At these gatherings the Anglo-American alliance is always enthusiastically toasted.

Hold up for Old Soldiers.

New York, Sept. 12.—Albert D. Shaw, the new commander-in-chief of the Grand Army Republic, said: "A great deal of my time will be given to pension legislature. The old soldier is entitled to lasting consideration. What if the pension roll is large. The union soldiers saved this nation. Their reward should be commensurate with their services. If the burden should prove too heavy, I am in favor of a patriotic pension bond issue, so that only the interest would have to be met from year to year. Let posterity meet the bonds when they may mature. Why not? The country was saved to posterity. It is only proper that a part of the burden shall fall on posterity."

Ammunition for The Transvaal.

Lourenzo, Marquez Delagoa Bay, Sept. 12.—A consignment of 547 cases of ammunition, presumably bound for The Transvaal, has been landed here.

British Troops Leave.

Simla, Sept. 12.—The first transport for South Africa sails from the field hospitals from Bombay on Sept. 16, and the entire force from India will be embarked on Sept. 25. General Hunter, chief of staff, will leave Simla at once for South Africa.

Pawnee Indian Murdered.

Guthrie, O. T., Sept. 12.—Dick Wilde a Pawnee Indian, was found dead on the Santa Fe track at Red Rock, his body terribly mangled. It was supposed to be a case of accidental death, but when the body was examined at Pawnee, where it was taken for burial a number of knife wounds was found on the body and it is certain he was murdered, and the body thrown on the track.

Did Not Buy Patchen.

New York, Sept. 12.—Former Senator John McCarty of Brooklyn says that there is no basis for the report that he had purchased the famous racing stallion, Joe Patchen, from Henry Haws, of Johnstown, Pa. He said that the report had probably originated from the fact that John Dickinson, who has charge of his stable had been engaged to care for Joe Patchen this winter.

Must Pay Franchise Tax.

Austin, Sept. 12.—In accordance with the opinion of the attorney general, Secretary of State Hardy is notifying all fraternal insurance companies which have qualified to do business in Texas under the recent act, that they will have to pay an annual franchise tax of \$10.

Water Deal Investigation.

New York, Sept. 12.—The Mazet committee resumed its investigation, continuing its inquiry into the Ramp Water company deal, wherein the company proposed to lease certain water rights to the city for \$5,000,000 a year, to run 40 years.

Tramps Killed in a Wreck.

Red Bud, Ills., Sept. 12.—A Mobile and Ohio freight train was wrecked at Bryden, a small station south of here. Several unknown tramps were killed. The demolished cars contained merchandise consigned to southern points.

ALLEN ACADEMY.

**Formal Opening Yesterday—
Work Will Begin Today.**

The thirteenth annual session of Allen academy, removed from Madisonville to Bryan, opened here yesterday morning, with practically the full number of students desired in attendance. The opening exercises were attended by members of the Allen Academy board of directors, several of the local ministers, other citizens and representatives of the press.

The exercises opened with prayer, following which Mr. L. L. McInnis, president of the board of directors, delivered an address of welcome to the students and teachers, and expressed in fitting terms the pride the people of Bryan feel in the splendid preparatory school thus established in our midst and the assurances of support it has from the people of Bryan.

Prof. J. H. Allen also addressed the assemblage and expressed the sentiment that the beginning of this work here is the realization of a long cherished ideal that is very gratifying to the principals who have labored so many years and now feel that they have entered upon their life work.

Addresses full of words of wisdom were made to the young men by Revs. J. B. Cochran, R. D. Wilson and J. D. West.

Prof. R. O. Allen concluded the addresses with short talk to the students, in which he urged them to take a pride in the school and in the work and help the teachers to make Allen academy successful from the first. He declared the good name and success of the school to be largely dependent upon those in attendance.

The student body is composed of representative young men and boys from all over this section. They were attentive and earnest listeners and made a most favorable impression on the visitors.

After the exercises were over the young men were dismissed for the day in order for the workmen to put the finishing touches on the school building, this work having been unavoidably delayed. The work of the school will begin regularly today (Wednesday).

Prof. J. H. Allen showed the representatives of the press through the buildings and grounds. The location is excellent, with a fine elevation, natural drainages, good water, plenty of room for athletic sports, etc., and it is the purpose of the principals to beautify the grounds with flowers and shrubbery as rapidly as opportunity and time will admit.

The academy building is admirably adapted to school work with an abundance of light and ventilation. The class rooms are commodious, supplied with comfortable desks and other necessary appliances. There are two class rooms 25x35 feet each, a library 27x16, two cloak and hat rooms supplied with numbered hooks, a small laboratory room and an entrance hall.

The spacious residence nearby, where the boarding pupils are domiciled has been refitted throughout and presents an inviting and home-like appearance. Prof. S. H. Allen and family occupy the lower floor and the students the large rooms on the second floor.

The opening of the academy is in every way auspicious and satisfactory to the management and to the people of Bryan who repose that confidence in the Allen Brothers which their ability and long experience in school work abundantly justifies. The success of this educational enterprise is unquestionably assured.

Mrs. O. P. Perkins of Jacksboro, is visiting Dr. and Mrs. Paul M. Raynor. Rev. and Mrs. H. E. Bowers have returned from Galveston.

Just received another car of fine alfalfa; also have fresh sour kraut new mackerel and fresh evaporated apples all this year's goods. D. Mike Jr. & Co.

THE FEUD RENEWED.

Griffin and Philpot Factions in Kentucky
at Dagger Points.

London, Ky., Sept. 12.—The trouble of the Griffin and Philpot factions in Clay county broke out afresh Sunday night. The house of Mrs. Susan Chadwell, the latter a brother of the leader of the Griffin faction, was fired into from all sides. Mrs. Chadwell escaped by throwing herself on the floor. All the stock on the place was killed and a notice was posted on her door giving her 24 hours to leave under penalty of death.

The jail here, in which two Griffins are confined, is heavily armed with Winchesters.

A rumor is also current here that a battle was fought in Clay county, in which four men were killed and seven wounded. The rumor locates the battle on Redbird creek, 18 miles from Manchester, but has not been confirmed.

Shot Herself Without Cause.

Arcola, Ills., Sept. 12.—Carrie Lentz, aged about 22 years, a daughter of S. R. Lentz, ticket agent for the Illinois Central at this place, committed suicide by shooting herself through the heart. The young lady was apparently in cheerful spirits and assisted her mother and sister in getting ready to go to church. After they had departed it appears that she went to her room and, barring the door with a portion of the furniture of the room, took a 44-caliber revolver and shot herself. At the coroner's inquest nothing developed to reveal the cause of the rash act. The deceased graduated from the University of Illinois in 1897 with the highest honors, and was considered one of the brightest young women of Central Illinois.

Stephan's Resignation Accepted.

Washington, Sept. 12.—The state department has accepted the resignation of Theodore M. Stephan, vice and deputy consul at Bremen. This action is preliminary to removal of Louis Lange, the consul. The department is reticent about the charges made against the consul at Bremen and nothing further could be learned. Henry W. Diederich, consul at Magdeburg, will be transferred to Bremen as consul and an official recommended by him will be designated as vice and deputy consul to succeed Mr. Stephan.

Factory and Sawmill Burned.

Paris, Tex., Sept. 12.—The handle factory and sawmill on the Sulphur were destroyed by fire. A large quantity of lumber and seasoned timbers for working into handles was also consumed. The loss was about \$2000, without any insurance. Mr. Waggoner, the proprietor, arrived while the flames were under headway, and found it burning in different places. He is of the opinion that the fire was incendiary.

A Serious Collision.

Fort Worth, Tex., Sept. 12.—A north bound Santa Fe freight collided with a buggy in which were an old and young lady, at the Leuda street crossing, in front of Pilot Bros. stock yards. The buggy was slightly damaged and one of the hind legs of the animal was broken. The side track was full of cars and the approaching train was not observed by the occupants of the buggy.

Dies of Smallpox.

Denton, Tex., Sept. 12.—Three new cases of smallpox are reported from the smallpox camp southeast of Argyle, and one death, Mrs. Henry Foster, on whom the disease first broke out. Owing to the distance from this place no uneasiness is felt here.

Charged With Five Assaults.

Little Rock, Sept. 12.—Charles Johnson, colored, was bound over to the grand jury on the charge of committing the wholesale assaults on Aug. 15 on five women. He was identified by four of the victims. If convicted the penalty is death.

Fell From a Window.

Denton, Tex., Sept. 12.—S. G. Raley, a well known citizen of this place, fell out of a second story window of a hotel at Pilot Point and was badly hurt. It is thought that he is seriously injured internally, but the extent is not yet known.

Will Be Completed by March.

Dallas, Sept. 12.—W. C. Connor, president of the Dallas, Fort Worth and Gulf railway, says construction of the road will begin at once between this place and Fort Worth and be completed by March next.

Criminal District Judge.

Austin, Sept. 12.—The governor has appointed A. C. Allen of Houston to be judge of the criminal district court of Galveston and Harris counties, vice Judge Sinclair Taliaferro, declined the appointment.

Coe Case Continued.

Denton, Tex., Sept. 12.—The criminal docket was taken up in the district court here. The case of the state vs. W. N. Coe was continued by the defendant. Coe's case came from Dallas on a change of venue.

Lost Both Legs.

South McAlester, I. T., Sept. 12.—Like Conway, a brakeman on the east local, was run over at Wilburton and had both legs cut off, from the effects of which he will die.

An Old Negress Dead.

Pine Bluff, Ark., Sept. 12.—Maria Kelley, a negress aged 116 years, died on a plantation near here of senile debility. She had resided there for nearly 60 years.

Declared Unconstitutional.

Denver, Sept. 12.—Judge Johnson in the district court here delivered an opinion declaring the prize fighting law unconstitutional and void.

YELLOW FEVER.

Situation at Jackson.

Jackson, Miss., Sept. 12.—The state board of health bulletin announces that there are no new cases of fever in the city or in the state. The city has quieted down. Major Porter is still dangerous ill.

Yellow Fever Refugees.

Birmingham, Ala., Sept. 12.—Twelve carloads of refugees from Louisiana and Mississippi passed through here enroute to points north. The cars were locked while going through the state and no one from any infected points was allowed to leave the train.

Alabama has also quarantined against Jacksonville and Tampa, Fla.

Twelve New Cases.

Key West, Sept. 12.—The total number of yellow fever cases up to date is 189; 12 being reported in the past 24 hours. Nine cases are being treated at the yellow fever hospital and the remainder are in private families.

No New Cases Develop.

Tampa, Fla., Sept. 12.—Since the death of John Welsh from yellow fever at Port Tampa City, Sunday, no other suspicious cases have developed. Port Tampa City is 11 miles from Tampa. No apprehension is felt of the fever reaching here. All trains between this city and the port are stopped. All other precautions are taken.

Only Suspicious Cases.

New Orleans, Sept. 12.—The state board of health will meet today to consider the quarantine question, as several Louisiana towns have announced embargoes. Several cases of fever are under observation here, but no positive case has been reported since the third case, which is now nearly well.

A special from Mississippi City says there were no new cases there. Advises from nearly all the principal towns of Mississippi tell that steps have been taken to enforce quarantine measures, requiring all doors and windows on trains from infected points to be kept closed tight and of the swearing in of quarantine guards.

Vicksburg has made ample arrangements to carry out a strict quarantine.

Natchez, Miss., will not even allow trains from suspected localities to stop within the city limits.

IN FAVOR OF WITHDRAWAL.

Some Persons Will Agitate That Congress Set Down on Paris Exposition.

Washington, Sept. 12.—It is believed by many that when congress assembles there will be considerable agitation of a proposition for this government to abandon its participation in the Paris exposition. It is known that expressions hostile to the exposition quoted from Senator Stewart, are very widely sympathized in and it is thought that if the conviction of Dreyfus is permitted to stand, there will be very little friendly feeling for France among members of either the house or senate. Such a move, however, would be a grave one. It is pointed out that to withdraw from participation in the exposition would be regarded as an official insult to France.

Protest Against the Dreyfus Verdict.

San Francisco, Sept. 12.—The following message was sent to President McKinley by the Episcopal clergy of this city:

"The clerics of the Protestant Episcopal church of San Francisco being profoundly moved by the verdict in the Dreyfus case, most earnestly request your excellency to take such action looking toward a reversal of the sentence as compatible with the diplomatic relations existing between the two nations."

The Philomath club, representing all the Jewish women of San Francisco, sent a cablegram of sympathy to Mme. Dreyfus.

Was Against Dreyfus.

Paris, Sept. 12.—The Journal says the duke of Orleans has cause to regret the part taken in the Dreyfus affair, adding that the English royal family has declined to attend the marriage of the son of Duke Charles, and that the king of Belgium has requested that the duke of Orleans does not stay in Belgium and the king of Italy has forbidden his nephew, duke Aosta, whose wife is the sister of the duke of Orleans, to receive the duke of Orleans if he comes to Italy.

Killed by a Train.

Logansport, Ind., Sept. 12.—A west-bound Panhandle passenger train ran down and instantly killed Mrs. Harris C. McVetty and three children at a crossing east of Logansport. Mrs. McVetty and two daughters, aged 16 and 18, and son, aged 12, were coming to town, and as they started over a crossing in a deep cut, they failed to note the approaching train.

Still Boycotting France.

London, Sept. 12.—The movement to boycott the Paris exposition continues. Several additional firms have announced their intention to suspend preparations of their exhibits until the "Dreyfus blot" is wiped out.

Dreyfus Receives Many Letters.

Rennes, Sept. 12.—Matthieu Dreyfus returned here and visited his brother in prison. He found him still bearing up well. The prisoner has received an enormous number of letters of sympathy since Saturday and he passes the greater part of his time reading them.

Verdict Received Quietly.

Paris, Sept. 12.—At the cabinet council the premier informed his colleagues he had received reports from the prefects of the various departments which showed the verdict of the Rennes court martial had been everywhere received quietly. It is presumed the council took no action in the Dreyfus or other matters of great importance.

Delegates Are Arriving.

Chicago, Sept. 12.—The Texas and Mississippi delegations have arrived here to attend the civic federation. Edward Rosewater of Omaha, and ex-Governor Crouse of Colorado, are also among the arrivals. Bryan is expected Thursday. No attempt of making a programme has been made.

Mattress Factory Burned.

Waco, Tex., Sept. 12.—The mattress factory of the Dennis Manufacturing company was partially burned, sustaining damages to the amount of \$8000, covered by insurance.

Carlisle Plot Discovered.

Barcelona, Sept. 12.—Discontent over the new taxes continues. Carlisle plots have been discovered in neighboring villages and the surrounding heights have been invested by civil guards.

The Plague at Opero.

Opero, Sept. 12.—There has been one more death from the plague, but the situation is unchanged. Dr. Irving, the American, pronounces the plague to be of a mild form.

EXPLOSIVE PROJECTILES.

General Miles Says Tests Show Them to be of Much Value.

New York, Sept. 12.—Major General Miles said of the recent tests at Sandy Hook of high explosives as projectiles:

"The purpose of these tests was to ascertain the force and power of new explosives, the effect of the concussion as well as the power of breaking projectiles into fragmentary pieces. The possibility of throwing high explosives through armor plate was also tested with safety and the fact was demonstrated that projectiles containing high explosives can be thrown long distances, 10, 12 and 14 miles, in fact, as far as possible to throw any projectile from any kind of a gun. Each trial and test thus far has been entirely satisfactory. All of these tests were made at the Sandy Hook proving grounds under the supervision of Major Frank Heath, and they have demonstrated that projectiles containing the most destructive high explosives can be thrown any distance with sufficient force to penetrate armor plate."

General Miles spoke with much satisfaction of the practical headway that had been made in the experiments at Sandy Hook with heavy ordnance and the newest and most powerful explosives. He said that very valuable results had been attained. The details of these results will be embodied in official reports to be submitted to the war department. In response to a renewed inquiry whether there was any prospect of his going to Manila to assume command of the United States forces there General Miles said:

"I cannot tell. There are no new developments in the matter so far as I know. Certainly such a mission would be a serious and responsible one, and I don't think that anybody would ask to be sent there. A variety of complicated questions await solution in the Philippines."

When asked if he would not like to go out there and undertake the solution of these problems, General Miles smiled and replied: "It is a soldier's duty to go wherever he is sent and to do the very best he can when he gets there."

Swindled in Many Countries.

London, Sept. 12.—The police of Geneva have in custody two men, Edward Wilkinson, said to be an American, and John Ronan, an Irishman, whom they believe to be the chiefs of an international gang of swindlers, who have been working the whole continent of Europe this year with remarkable success. The daring gang showed exceptionally brilliant form in robbing people on bank premises. At Milan they got \$60,000 lire, at Turin about the same, at Rome 30,000, and at Lucerne 65,000 francs. The men are also believed to be the authors of the big jewelry robberies at Osten, Brussels, Pale and Hamburg. Detectives from a score of cities have gone to Geneva to have a look at the interesting couple.

Traveling Man Killed.

Muncie, Ind., Sept. 12.—George N. Reed was found dead near the Big Four railway, three miles west of Muncie. His back was broken and crushed below the hips, a leg was broken and there were evidences that the pilot of the engine struck him, but trainmen did not see the accident. He was a traveling salesman for a Lexington, Ky., whisky house, and his sample case with filled bottles, is missing. Some believe that tramps in a boxcar stole the case and threw him off while coming from Anderson to Muncie. His wife resides at some place in Kentucky.

Panic on a Street Car.

New Albany, Ind., Sept. 12.—A negro named Brown created almost a panic on an electric car between New Albany and Louisville. As the car was crossing the Kentucky and Indiana bridge, the negro became boisterous, and when the conductor tried to quiet him started after him with a revolver. The coach was crowded with women and children, who rushed toward the doors and windows. The negro
